

Benefits and Insurance Guide

Effective January 1, 2026 | Version 5.1 | Total Rewards Team

1. Benefits Overview

TechCorp is committed to providing a competitive and comprehensive benefits package to attract and retain top talent. This guide outlines the health insurance options, retirement plans, bonus programs, wellness initiatives, and other benefits available to eligible employees. Benefits eligibility is determined by employment classification as described in the Employee Handbook. Unless stated otherwise, benefits described in this guide are available to full-time employees only.

2. Health Insurance Plans

TechCorp offers health insurance through UnitedHealthcare. Employees may choose from two plan types depending on their eligibility: the Individual Plan and the Family Floater Plan. TechCorp covers 80% of the premium for employee-only plans and 70% of the premium for family plans. The remaining portion is deducted from the employee's monthly paycheck on a pre-tax basis.

2.1 Individual Plan

The Individual Plan covers the employee only. All full-time and contract employees are eligible for the Individual Plan starting from their date of joining. The plan includes medical, dental, and vision coverage. Key features: \$500 annual deductible, \$3,000 out-of-pocket maximum, \$20 copay for primary care visits, \$40 copay for specialist visits, and prescription drug coverage with a \$10/\$25/\$50 tiered copay structure for generic, preferred brand, and non-preferred brand medications respectively.

2.2 Family Floater Plan

The Family Floater Plan covers the employee plus eligible dependents (spouse and children under age 26). This plan is available to full-time employees who meet all of the following criteria: (a) the employee is at level L2 or above, (b) the employee has completed at least 1 year of continuous service with TechCorp, and (c) the employee is classified as full-time (not contract or intern). The Family Floater Plan includes the same medical, dental, and vision coverage as the Individual Plan with the following adjustments: \$1,000 annual family deductible, \$6,000 family out-of-pocket maximum, and the same copay structure. Employees must enroll dependents within 30 days of becoming eligible or during the annual Open Enrollment period (November 1 through November 30). Qualifying life events (marriage, birth of a child, adoption) also trigger a 30-day special enrollment window.

Feature	Individual Plan	Family Floater Plan
Eligibility	All full-time and contract employees from day 1	Full-time, L2+, 1+ year tenure
Annual Deductible	\$500	\$1,000 (family)
Out-of-Pocket Max	\$3,000	\$6,000 (family)
Company Contribution	80% of premium	70% of premium
Dental Coverage	Included	Included
Vision Coverage	Included	Included

3. 401(k) Retirement Plan

TechCorp offers a 401(k) retirement savings plan through Fidelity Investments. All full-time and contract employees are eligible to participate starting from their date of joining. Key plan details:

- Employee contributions: 1% to 75% of eligible compensation, up to IRS annual limits (\$23,500 for 2026, plus \$7,500 catch-up for employees age 50 and older).
- Company match: TechCorp matches 50% of employee contributions up to 6% of base salary for full-time employees. Contract employees are eligible to contribute but do not receive a company match.
- Vesting: Company match contributions vest on a 3-year graded schedule (33% after year 1, 67% after year 2, 100% after year 3).
- Investment options: Over 30 mutual fund options across domestic equity, international equity, fixed income, and target-date retirement funds.
- Employees may change their contribution rate or investment allocations at any time through the Fidelity NetBenefits portal.

4. Loyalty Bonus Program

TechCorp recognizes long-term commitment through the Loyalty Bonus Program. Eligible employees receive a one-time cash bonus upon reaching specific tenure milestones. The bonus is paid in the payroll cycle following the milestone date. Only full-time employees are eligible for the loyalty bonus. Contract employees and interns are not eligible. Time spent as a contractor prior to conversion to full-time does not count toward tenure milestones.

Tenure Milestone	Bonus Amount	Additional Benefit
2 years	\$2,500	None
5 years	\$5,000	1 additional earned leave day

Tenure Milestone	Bonus Amount	Additional Benefit
10 years	\$10,000	3 additional earned leave days
15 years	\$15,000	5 additional earned leave days + sabbatical eligibility

The loyalty bonus is calculated based on the employee's continuous service from their date of joining as a full-time employee. Breaks in service (resignation and rehire) reset the tenure clock. The bonus is subject to applicable federal and state income taxes and will be reported on the employee's W-2.

5. Tax Saving Declarations

At the beginning of each calendar year, employees are required to submit their tax saving declarations through the HRIS portal. These declarations help the payroll team calculate the correct federal and state tax withholdings. The process is as follows:

1. The tax declaration window opens on January 15 and closes on February 28 each year.
2. Employees must log in to the HRIS portal and complete the Tax Declaration form, including estimated deductions for 401(k) contributions, HSA contributions, dependent care FSA, mortgage interest, state and local tax deductions, and other eligible items.
3. Employees must upload supporting documents (prior year W-2, estimated 1099 forms, mortgage statements) where applicable.
4. The payroll team reviews submissions and adjusts withholding rates by March 15.
5. Employees who miss the February 28 deadline will have taxes withheld at the default single rate with zero allowances until a declaration is submitted.
6. Employees may update their declarations mid-year if circumstances change (marriage, birth of child, home purchase). Mid-year changes take effect in the next payroll cycle after HR approval.

6. Wellness and Employee Assistance Programs

TechCorp supports employee well-being through the following wellness programs:

- Employee Assistance Program (EAP): Confidential counseling and support services available 24/7 through ComPsych GuidanceResources. Covers mental health, legal, financial, and work-life issues. Up to 8 free sessions per issue per year for the employee and household members.
- Gym and fitness reimbursement: Up to \$75 per month reimbursed for gym memberships, fitness classes, or home fitness equipment (receipts required, submitted quarterly).
- Annual health screening: Free onsite health screenings conducted each October at all office locations. Remote employees receive a \$200 credit toward an offsite screening.
- Ergonomic assessment: All employees may request a free ergonomic workstation assessment from the Facilities team. Remote employees receive a one-time \$500 home office setup stipend.

7. Medical Reimbursement

In addition to health insurance, full-time employees are eligible for medical expense reimbursement for out-of-pocket costs not covered by the insurance plan. The annual reimbursement limit is \$1,500 per employee. Eligible expenses include prescription medications, specialist consultations, lab tests, physical therapy, and mental health services. To claim reimbursement:

1. Collect itemized receipts and Explanation of Benefits (EOB) from the insurance provider.
2. Submit a reimbursement request through the HRIS portal under Benefits > Medical Reimbursement.
3. Attach scanned copies of all receipts and the EOB.
4. The Total Rewards team reviews claims within 10 business days.
5. Approved reimbursements are paid in the next payroll cycle.

Claims must be submitted within 90 days of the expense date. Claims older than 90 days are not eligible for reimbursement. The annual limit resets on January 1 each year and unused amounts do not roll over.
